

Thanks for having us!

We've compiled this little PDF to encompass both all the technical stuff as well as a little list of what we like and what makes us comfortable as a band.

We're very easy going and really looking forward to working with you.

If there's anything that's not possible or you have any questions whatsoever, don't hesitate to hit us up at dwael.band@gmail.com.

Communication is key and teamwork makes the dream work. So let's do this. Together.
